"E" Final

Revisions to the wholesale water cost tracking factor have been reviewed by staff members of the Commission and found to be in compliance with the orders of the Commission. The rates paid by the utility to its wholesale water provider were embedded in the utility's initial rates approved by the Commission's June 23, 2004 Order. This water tracker filing led the utility and Commission staff to discover that the embedded wholesale rates were incorrect. This error has been corrected in this filing. The requirements prescribed for these filings in 170 IAC 6-5 have been met and approval is recommended.
