The expenses to be covered in the amount of the bond issue include all expenses of every kind actually incurred preliminary to the acquisition of property and the installation of the facilities, such as the cost of necessary records, engineering expenses, publication of notices, salaries, the letting of contracts, and the sale of bonds.

(c) The bonds issued may not exceed the estimates for the project as determined in the resolution adopted by the board under section 12 of this chapter.

(d) Any surplus of bond proceeds remaining after all costs and expenses have been fully paid shall be paid into the public communications systems and computer facilities district bond fund. The board may appropriate the proceeds of the bonds.

IC 36-8-15-15.1

Lease of facilities; financing; hearings; notice; objections

Sec. 15.1. (a) A board may enter into a lease of any facility that may be financed with the proceeds of bonds issued under this chapter with a lessor for a term not to exceed fifty (50) years. The lease may provide for payments to be made by the board from special benefits taxes levied under section 14 of this chapter and any other revenue available to the board, or any combination of these sources.

(b) A lease may provide that payments by the board to the lessor are required only to the extent and only for the period that the lessor is able to provide the leased facilities in accordance with the lease. The terms of each lease must be based upon the value of the facilities leased and may not create a debt of the unit or the district for purposes of the Constitution of the State of Indiana.

(c) A lease may be entered into by the board only after a public hearing by the board at which all interested parties are given the opportunity to be heard. Notice of the hearing must be given by publication in accordance with IC 5-3-1. After the public hearing, the board may adopt a resolution authorizing the execution of the lease on behalf of the unit if the board finds that the service to be provided throughout the term of the lease will serve the public purpose of the unit and is in the best interests of the unit's residents. A lease approved by a resolution of the board must be approved by an ordinance of the fiscal body of the unit.

(d) Upon execution of a lease providing for payments by the board

in whole or in part from the levy of special benefits taxes under section 14 of this chapter and upon approval of the lease by the fiscal body, the board shall publish notice of the execution of the lease and its approval in accordance with IC 5-3-1. Fifty (50) or more taxpayers residing in the district who will be affected by the lease and who may be of the opinion that no necessity exists for the execution of the lease or that the payments provided for in the lease are not fair and reasonable may file a petition in the office of the county auditor within thirty (30) days after the publication of the notice of execution and approval. The petition must set forth the petitioners' names, addresses, and objections to the lease and the facts showing that the execution of the lease is unnecessary or unwise or that the payments provided for in the lease are not fair and reasonable, as the case may be. Upon the filing of the petition, the county auditor shall immediately certify a copy of it, together with any other data necessary in order to present the questions involved, to the department of local government finance. Upon receipt of the certified petition and information, the department of local government finance shall fix a time and place for the hearing in the district, which must be not less than five (5) or more than thirty (30) days after the time of the hearing is fixed. Notice of the hearing shall be given by the department of local government finance to the members of the fiscal body, the board, and the first fifty (50) petitioners on the petition by a letter signed by the commissioner or deputy commissioner of the department and enclosed with fully prepaid postage sent to those persons at their usual place of residence, at least five (5) days before the date of the hearing. The decision of the department of local government finance on the appeal, upon the necessity for the execution of the lease and as to whether the payments under it are fair and reasonable, is final.

(e) A board entering into a lease that is payable from revenues or other available funds of the board may:

- (1) pledge the revenue to make payments under the lease as provided in IC 5-1-14-4; and
- (2) establish a special fund to make the payments.

Lease rentals may be limited to money in the special fund so that the obligations of the board to make the lease rental payments are not considered a debt of the unit or the district for purposes of the Constitution of the State of Indiana.

(f) Except as provided in this section, no approvals of a governmental body or an agency are required before the board enters into a lease under this section.

(g) An action to contest the validity of the lease or to enjoin the performance of any of its terms and conditions must be brought within thirty (30) days after the publication of the notice of the execution and approval of the lease. However, if the lease is payable in whole or in part from tax levies and an appeal has been taken to the department of local government finance, an action to contest the validity or to enjoin performance must be brought within thirty (30) days after the decision of the department.

(h) If a board exercises an option to buy a leased facility from a lessor, the board may subsequently sell the leased facility, without regard to any other statutes, to the lessor at the end of the lease term at a price set forth in the lease or at fair market value established at the time of the sale by the board through an auction, appraisal, or arms length negotiation. The board shall conduct a hearing after public notice in accordance with IC 5-3-1 before the sale. An action to contest the sale must be brought within fifteen (15) days after the hearing.

As added by P.L.2-1989, SEC.52. Amended by P.L.90-2002, SEC.499.

IC 36-8-15-15.2

Persons authorized to lease facilities

Sec. 15.2. (a) Any of the following persons may lease facilities referred to in section 15.1 of this chapter to a board:

(1) A not-for-profit or for-profit corporation organized under Indiana law or admitted to do business in Indiana.

(2) An authority established under IC 36-9-13.

(b) Notwithstanding any other law, a lessor under this section and section 15.1 of this chapter is a qualified entity for purposes of IC 5-1.4-1-10.

As added by P.L.2-1989, SEC.53.

IC 36-8-15-16

Bonds; limitation on total issue; nature of bonds

Sec. 16. (a) The total issue of bonds under section 15 of this chapter, for purposes of the district, including bonds already issued or to be issued, may not exceed one percent (1%) of the adjusted value of the taxable property within the district, as determined under IC 36-1-15. All bonds or obligations issued in violation of this subsection are void.

(b) Bonds issued under section 15 of this chapter are not, in any respect, corporate obligations or indebtedness of the consolidated city but constitute an indebtedness of the district. The bonds and interest on them are payable only out of revenues of the district. Bonds must recite these terms upon their face.

As added by P.L.82-1985, SEC.3. Amended by P.L.6-1997, SEC.214.

IC 36-8-15-17

Proceeds; disposition; public communications systems and computer facilities district bond fund

Sec. 17. All proceeds from the sale of bonds issued under section 15 of this chapter shall be kept as a separate and specific fund to be known as the public communications systems and computer facilities district bond fund. The bond fund shall be used to pay for the cost of acquisition of real and personal property, the cost of the installation of the facilities, and all costs and expenses incurred in connection therewith, and no part may be used for any other purpose. The bond fund shall be deposited at interest with a depository or depositories

of other public funds of the consolidated city, and all interest collected on it belongs to the bond fund.

As added by P.L.82-1985, SEC.3.

IC 36-8-15-18

Counties having consolidated cities; special property tax; disposition of revenue; public communications systems and computer facilities district revenue fund

Sec. 18. (a) This section applies to a county having a consolidated city.

(b) For the purpose of raising money to pay off bonds issued under section 15 of this chapter and any interest on them, the county fiscal body may levy each year a special tax upon all of the property located within the district, in such manner as to meet and pay the principal of the bonds as they severally mature, together with all accruing interest on them. Other revenues and funds may be annually allocated by statute or ordinance to be applied to reduction of the bonds and their interest for the next succeeding year, but to the extent that money on hand is insufficient for payments required in the next succeeding year, the special tax shall be levied.

(c) The tax collected and all other allocated money shall be accumulated and kept in a separate fund to be known as the public communications systems and computer facilities district revenue fund, and shall be applied to the payment of the district bonds and interest as they severally mature and fiscal agency charges for making such payments and to no other purposes. All accumulations may be deposited, at interest, with one (1) of the depositories of other funds of the consolidated city, and all interest collected belongs to the fund.

As added by P.L.82-1985, SEC.3. Amended by P.L.225-1986, SEC.7.

IC 36-8-15-19

Operational funding; ad valorem property tax; funding by distribution under IC 6-3.5-6-17 in lieu of tax; election by ordinance; adjustment of property tax limits; reduction of tax of units joining or withdrawing from district

Sec. 19. (a) This subsection applies to a county that has a population of more than one hundred eighty-two thousand seven hundred ninety (182,790) but less than two hundred thousand (200,000). For the purpose of raising money to fund the operation of the district, the county fiscal body may impose, for property taxes first due and payable during each year after the adoption of an ordinance establishing the district, an ad valorem property tax levy on property within the district. The property tax rate for that levy may not exceed five cents (\$0.05) on each one hundred dollars (\$100) of assessed valuation.

(b) This subsection applies to a county having a consolidated city. The county fiscal body may elect to fund the operation of the district from part of the certified distribution, if any, that the county is to receive during a particular calendar year under IC 6-3.5-6-17. To

make such an election, the county fiscal body must adopt an ordinance before September 1 of the immediately preceding calendar year. The county fiscal body must specify in the ordinance the amount of the certified distribution that is to be used to fund the operation of the district. If the county fiscal body adopts such an ordinance, it shall immediately send a copy of the ordinance to the county auditor.

(c) Subject to subsections (d), (e), and (f), if an ordinance or resolution is adopted changing the territory covered by the district or the number of public agencies served by the district, the department of local government finance shall, for property taxes first due and payable during the year after the adoption of the ordinance, adjust the maximum permissible ad valorem property tax levy limits of the district and the units participating in the district.

(d) If a unit by ordinance or resolution joins the district or elects to have its public safety agencies served by the district, the department of local government finance shall reduce the maximum permissible ad valorem property tax levy of the unit for property taxes first due and payable during the year after the adoption of the ordinance or resolution. The reduction shall be based on the amount budgeted by the unit for public safety communication services in the year in which the ordinance was adopted. If such an ordinance or resolution is adopted, the district shall refer its proposed budget, ad valorem property tax levy, and property tax rate for the following year to the department of local government finance, which shall review and set the budget, levy, and rate as though the district were covered by IC 6-1.1-18.5-7.

(e) If a unit by ordinance or resolution withdraws from the district or rescinds its election to have its public safety agencies served by the district, the department of local government finance shall reduce the maximum permissible ad valorem property tax levy of the district for property taxes first due and payable during the year after the adoption of the ordinance or resolution. The reduction shall be based on the amounts being levied by the district within that unit. If such an ordinance or resolution is adopted, the unit shall refer its proposed budget, ad valorem property tax levy, and property tax rate for public safety communication services to the department of local government finance, which shall review and set the budget, levy, and rate as though the unit were covered by IC 6-1.1-18.5-7.

(f) The adjustments provided for in subsections (c), (d), and (e) do not apply to a district or unit located in a particular county if the county fiscal body of that county does not impose an ad valorem property tax levy under subsection (a) to fund the operation of the district.

(g) A county that has adopted an ordinance under section 1(3) of this chapter may not impose an ad valorem property tax levy on property within the district to fund the operation or implementation of the district.
