\* 2007 Net Tax is net of the \$300 M homestead rebate passed in HEA 1001 (2007). The 2007 to 2008 comparison of net tax is based on the net tax amount for 2007 after rebates.

# This column shows the estimated overall change from 2007 net tax bills to 2010 which illustrates the full effect of HEA 1001(2008) when fully implemented.

^ Estimates were used in all years for LaPorte and Porter Counties, and in 2009 for Brown, Clinton, Madison, Wayne, and White Counties.

^^ The Homestead category includes (1) The entire single family home parcel if a standard deduction is present, (2) Mobile home homesteads, and (3) The homestead-qualified portion of other property types.

Potential Circuit Breaker Tax Credits

\* The \$300 M homestead rebate passed in HEA 1001 (2007) reduced the final net tax bills for 2007 by that amount. The 2007 to 2008 comparison of net tax is based on the net tax amount for 2007 after rebates.

\*\* The 2008 homestead net tax also reflects a reduction of \$250 M resulting from the additional homestead credits passed in HEA 1001 (2007).

# This column shows the estimated overall change from 2007 net tax bills to 2010 which illustrates the full effect of HEA 1001(2008) when fully implemented.

**Estimated Impact on Net Property Tax**
